RE: SaveCASchools.org Support
A community based non-profit organization

To Whom It May Concern,

I am pleased to add my support to this important community based non profit organization. The greater Danville community has always supported causes for youth of all age groups. SaveCASchools.org provides a wonderful opportunity for our real estate community to be directly involved in helping raise money for charitable causes supporting the San Ramon Valley Education Foundation.

The community further supports SaveCASchools.org because it provides much needed resources to our most important asset our young students and well deserving teachers. I encourage all community members to support this worthwhile community endeavor.

Your financial assistance will make this community based organization a greater success. I hope you will join us in giving this request your favorable response.

Sincerely yours,
